

FieldSmart®

DIN Rail Cassette Mounting Kit

Application

The FieldSmart DIN Rail Cassette Mounting Kit easily mounts to any TS-35 (35 mm wide x 7.5 mm high or greater rail) industry standard DIN rail. The DIN rail clip “grips” the rail on both the top and bottom lips for tool-less installation. This is an ideal solution for applications requiring maximum system reliability and flexibility. It is perfectly suited for Transportation, Machine Building, Municipality, Oil and Gas Refinery, and Alternative Power Generation applications. It is also ideal for more general use in customer premise locations, enterprise networks and remote locations. Utilizing the Clearview® Blue Cassette, the new DIN Rail Mounting Kit allows you to bring fiber management to areas where it was not able to be installed before.

Each cassette will provide 12 ports of connectivity for patch and splice (Clearfield’s in-cassette splicing solution), patch only (stubbed) or plug and play (MPO/MTP) configurations.

Description

The DIN Rail Cassette Mounting Kit includes the cassette mounting tray, bracket and rail mount clip. DIN rail tray and cassettes can be mounted vertically, horizontally or with adapters facing out with no specialty bulkheads needed. Up to two Clearview Cassettes can be mounted on one bracket. Brackets can be mounted next to each other for future growth.
